

To donate a bike or receive a bike, sign up at <https://bit.ly/BikeMatchNB> or email riseandridenbny@gmail.com

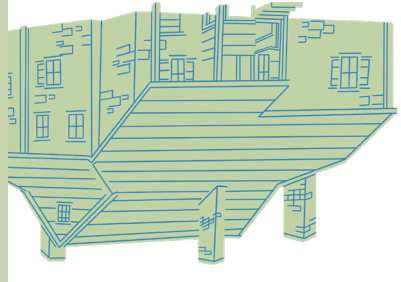

Donate a Bicycle
If you want to donate a bicycle, be sure the bicycle only needs a basic upgrade. No junkers. Some bike donations may be eligible for a tax deduction.

Get a Bicycle
Each month, we receive old and new bikes. With the help of volunteers, we fix the bikes and match the bikes to residents in Newburgh.

BIKE MATCH

Your Go-To Guide for Biking In Newburgh!

Snap and Share
Show the Newburgh community where you ride. We're posting sites to check out on Instagram (@RiseAndRideNBNY). Whether you use those or the map provided — or find another site you love — take a photo at the location with your bike and tag us on Instagram: #RediscoverNewburgh, #RiseAndRideNBNY

Advocate for Bicycle Infrastructure
Attend one of Newburgh Transportation Advisory Committee's monthly meetings, each second Wednesday of the month. Follow TAC at: facebook.com/groups/NewburghTransportation/ or email transportation@cityofnewburgh-ny.gov.

Bicycling Together
Consider volunteering or joining these local programs: Bike Match Program by Newburgh Repair Cafe, Critical Mass Bike Rides, or painting a Bike Garden or hosting Bike Rodeo for youth.

WANT TO HAVE SOME FUN?

"It is by riding a bicycle that you learn the contours of a country best since you have to sweat up the hills and coast down them."
Ernest Hemingway

BICYCLE LAW, SAFETY AND EDUCATION

Watch for Parked Cars
Ride far enough from the curb to avoid any unexpected actions from parked cars. When turning, always look behind for a break, make a signal, and then turn.

Look Before Turning
Use your eyes and ears. Watch out for things that could make your bike lose control. Don't use electronics when riding.

Stay Alert at All Times
Ride in a straight line, not in and out of a carlane. Always use hand signals to alert your moves to others on the road.

Be Predictable
When coming from a smaller road, wait for traffic on a major road. If there is no stop sign, slow down and see if the way is clear. Yield to pedestrians in a crosswalk.

Yield to Traffic
Like any other vehicle with a driver, obey all traffic signs, signals, and lane markings.

Obey All Traffic Laws
Ride on the right in the same direction as the other vehicles.

Go With the Traffic Flow
Use lights, bright clothing, reflective gear to make yourself visible.

Be Visible
Ride on the right in the same direction as the other vehicles.

RULES OF THE ROAD

At Rise and Ride we want to build momentum for bicycling in Newburgh. Through supporting many different programs, Rise and Ride wants to help make bicycling safe, fun, social, and accessible for all people. Our city is built for walking and biking, so check out some of the great local programs available and let's Rise and Ride together!

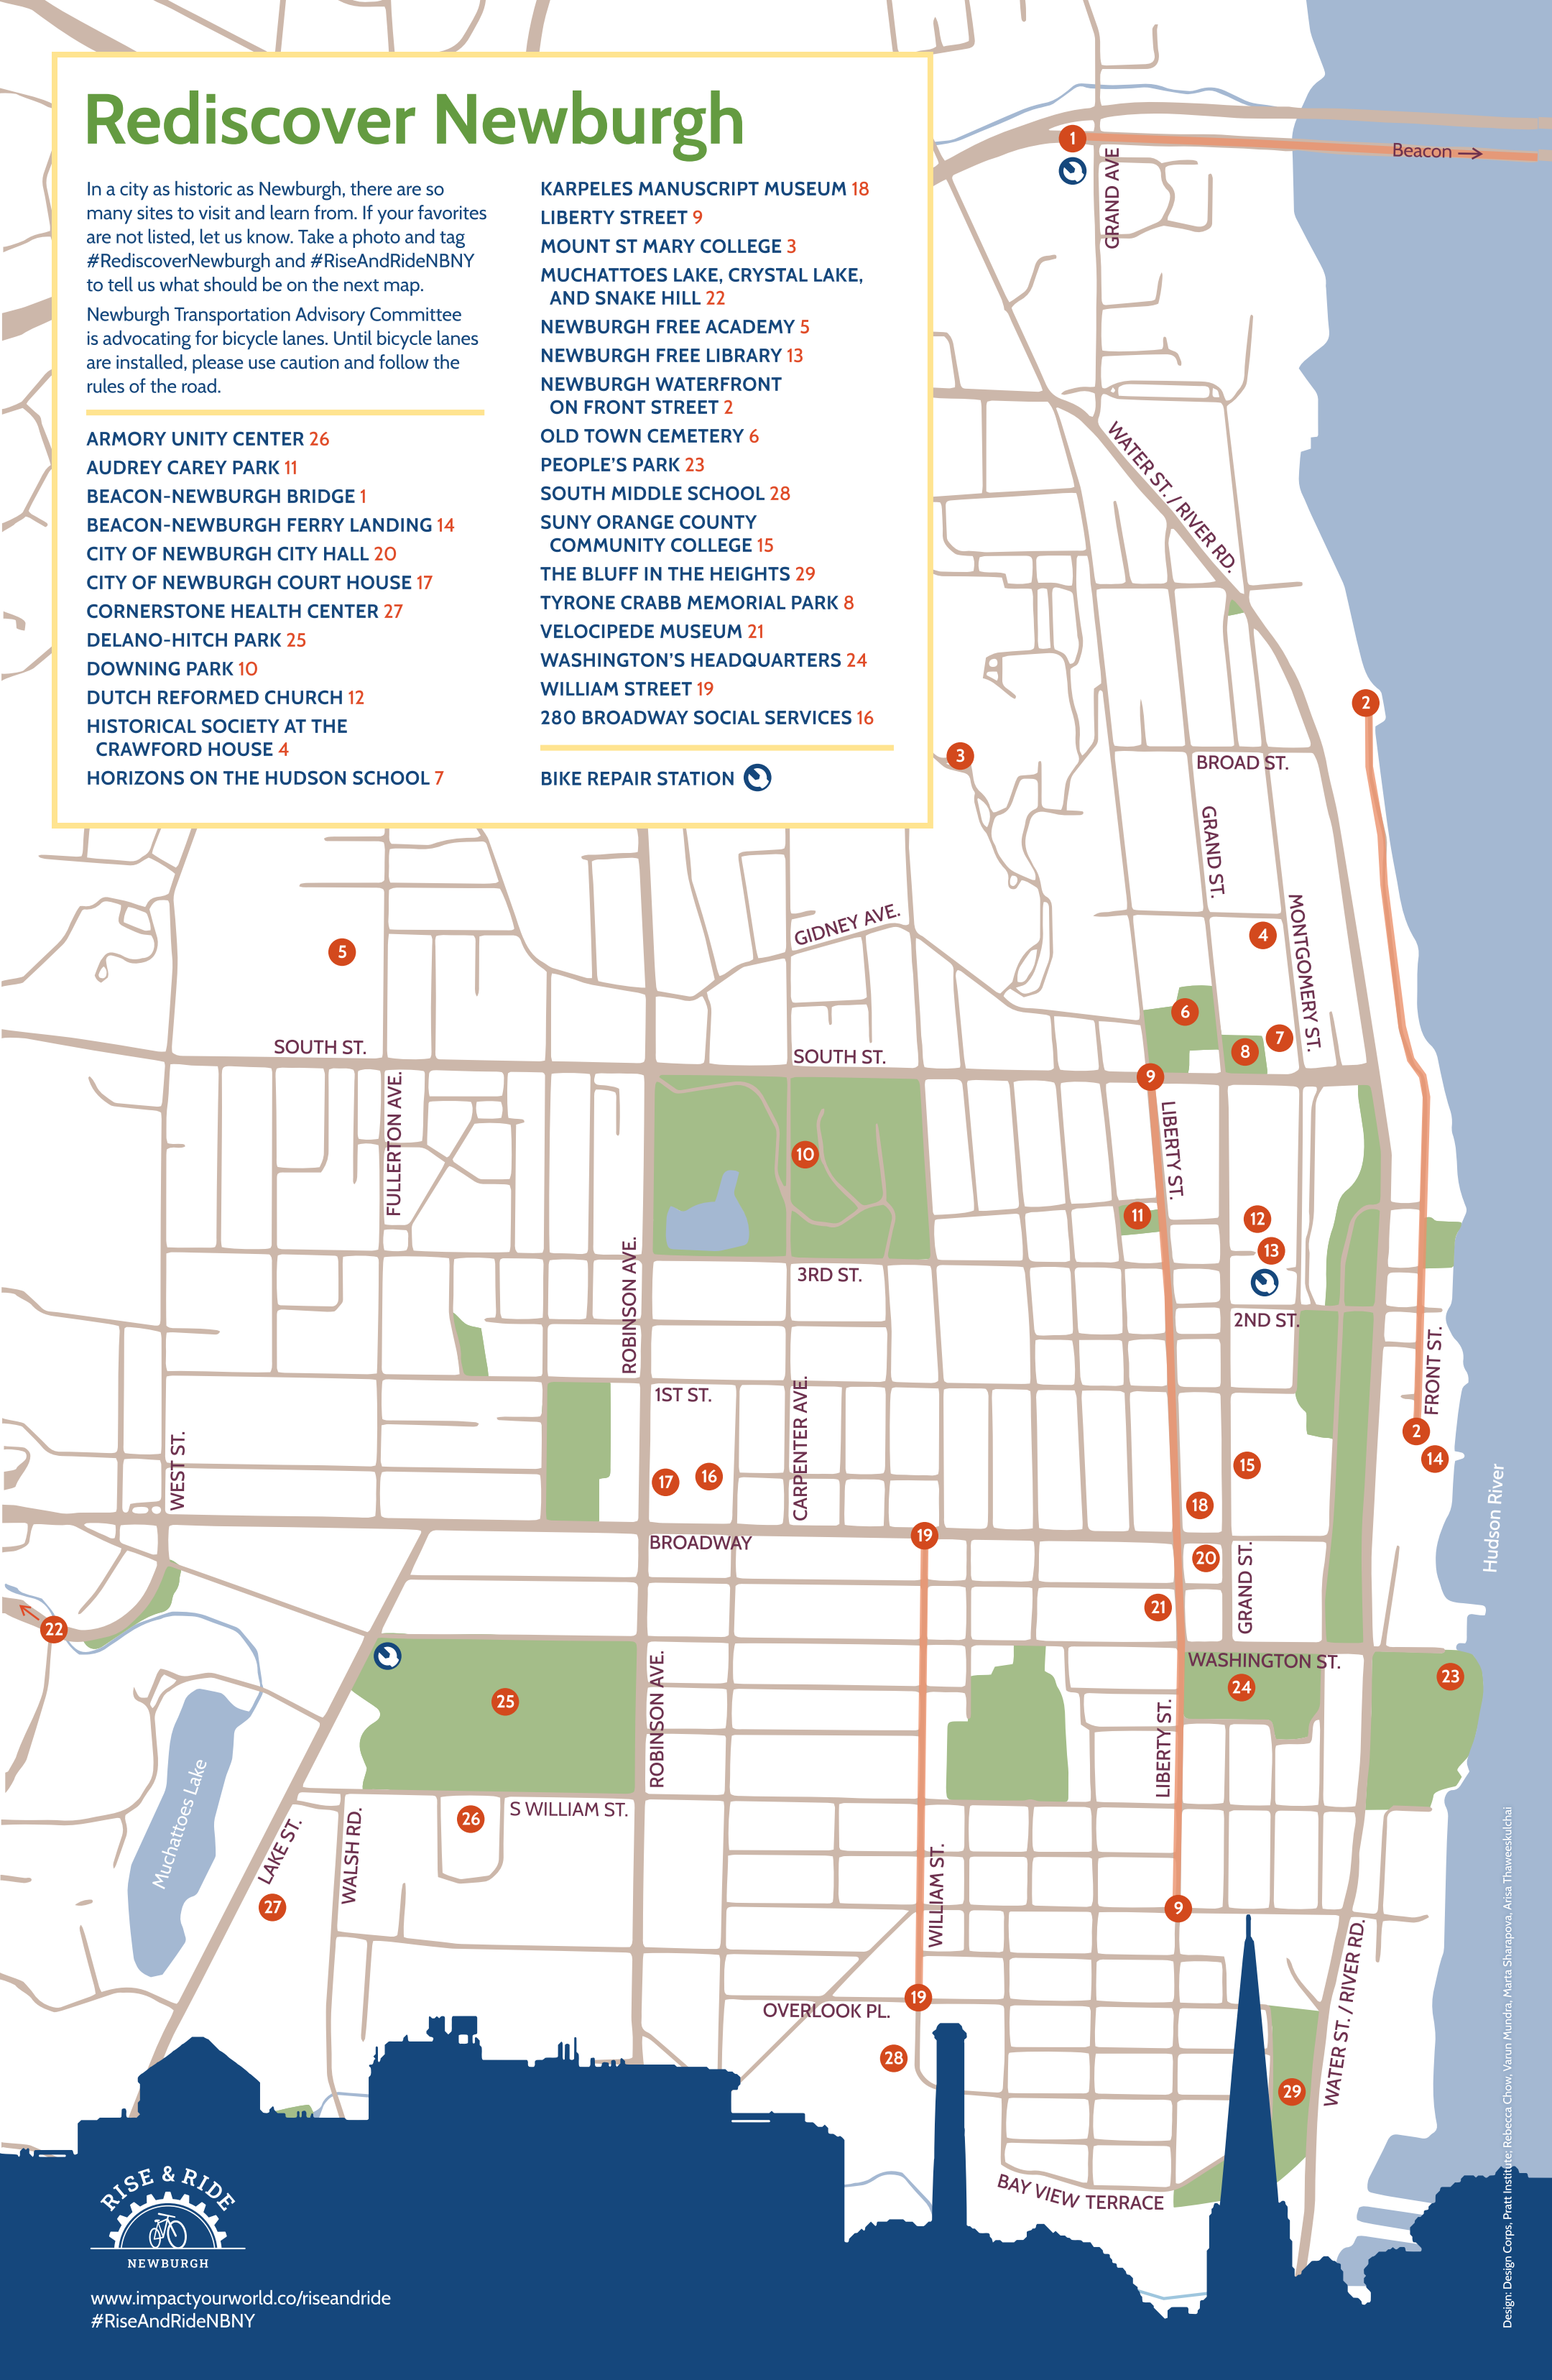

Rediscover Newburgh

In a city as historic as Newburgh, there are so many sites to visit and learn from. If your favorites are not listed, let us know. Take a photo and tag #RediscoverNewburgh and #RiseAndRideNBNY to tell us what should be on the next map.

Newburgh Transportation Advisory Committee is advocating for bicycle lanes. Until bicycle lanes are installed, please use caution and follow the rules of the road.
